### **Kauri Team**

The weather is heating up! We really appreciate it when children come to school wearing named layers of clothing that can be removed as the day gets hotter. We have a lot of students wearing socks outside and hoodies during the heat of the day, they will be asked to remove clothing that makes them hot and put it in their bag. Keep encouraging your child to bring a water bottle too please.

As part of our health unit we are talking with students about the need for daily showering and looking after our personal hygiene. Please help us promote this.

Our end of year 6 Noho is fast approaching. Please keep returning permission slips and money. Any parent support is greatly appreciated. A reminder that excellent behaviour is expected at school in order to attend the noho.

### **Tōtara Team**

Totara Team has enjoyed the recent visit from the Life Education Mobile Classroom. Room 14 gained some understanding about showing Empathy to people and being a great friend! Have a look at our Class Blog for some fabulous pictures! <https://livelylearnershes.blogspot.com/>

With the recent sunny weather Totara team have been practicing their athletics skills for long jump, high jump and sprints on Putikitiki field.

### **Kōwhai Team**
